### 'Team Kaymar' Apparel – Jackets, Caps, Lanyards

Launched under the 'Team Kaymar' branding is the first in a range of functional outdoor products from Kaymar.

Complimenting their hardware products, which are renown for toughness and dependability, comes equally tough and functional apparel items for daily use.

The jacket is manufactured with a rip-stop fabric outer for non-catch in the bush and easy brush off cleaning of mud spatter and the like. The inclusion of highly reflective striping on the sleeves and across the upper chest and back serve to improve safety in times of low visibility.

Inside is polar fleece lined over a generous layer of insulating padding for maximum warmth and the main zip is easy to fit together and close even with gloved hands. Available in all the common sizes to fit women, men and children and sporting 'Team Kaymar' membership logos there's little doubt they'll be seen by camp fires all around the country.

Matching the jacket is the fully adjustable cap to provide both warmth and sun protection as required. They are made to last and look really smart.

To keep keys, glasses and cameras right where you need them the woven nylon 'Team Kaymar' lanyard is just the thing. It's comfortable on the neck, strong and yet light.
